FISCAL ANALYSIS

ASSUMPTION

Officials from the **Department of Public Safety - Missouri Highway Patrol, Office of the State Courts Administrator** and the **Office of Prosecution Services** each assume the proposal would not fiscally impact their respective agencies.

In response to a similar proposal from 2011 (HB 589), officials at the **Office of State Public Defender (SPD)** stated they could not assume that existing staff would provide effective representation for any new cases arising where indigent persons are charged with the enhanced penalties for making a false report of a felony. The penalty for which, under this legislation would become a felony.

While the number of new cases (or cases with increased penalties) may be too few or uncertain to request additional funding for this specific bill, the SPD will continue to request sufficient appropriations to provide effective representation in all its cases.

Oversight assumes the SPD can absorb the additional caseload that may result from this proposal.

Officials from the **Department of Corrections (DOC)** state penalty provisions, the component of the bill to have potential fiscal impact for DOC, is for up to a class D felony. Currently, the DOC cannot predict the number of new commitments which may result from the creation of the offense(s) outlined in this proposal. An increase in commitments depends on the utilization by prosecutors and the actual sentences imposed by the court.

If additional persons are sentenced to the custody of the DOC due to the provisions of this legislation, the DOC will incur a corresponding increase of direct offender costs either through incarceration (FY11 average of \$16.878 per offender, per day, or an annual cost of \$6,160 per inmate) or through supervision provided by the Board of Probation and Parole (FY11 average of \$5.12 per offender, per day or an annual cost of \$1,869 per offender).

The following factors contribute to DOC's minimal assumption:

- DOC assumes the narrow scope of the crime will not encompass a large number of offenders;
- The low felony status of the crime enhances the possibility of plea-bargaining or imposition of a probation sentence;

ASSUMPTION (continued)

- The probability exists that offenders would be charged with a similar but more serious offense or that sentences may run concurrent to one another

In summary, supervision by the DOC through probation or incarceration would result in some additional costs, but it is assumed the impact would be \$0 or a minimal amount that could be absorbed within existing resources.

<u>FISCAL IMPACT - State Government</u>	FY 2013 (10 Mo.)	FY 2014	FY 2015
	<u>\$0</u>	<u>\$0</u>	<u>\$0</u>

<u>FISCAL IMPACT - Local Government</u>	FY 2013 (10 Mo.)	FY 2014	FY 2015

FISCAL IMPACT - Small Business

No direct fiscal impact to small businesses would be expected as a result of this proposal.

FISCAL DESCRIPTION

The proposed legislation appears to have no fiscal impact.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
